Our Vision

- Tackles the issue of long checkout time
- This optimizes the check-out process by enabling self-checkout
 - Shorter times
 - Less people discouraged to buy
 - No fear of missing class due to long wait times
- Our idea of the program

The Program So Far

What Would We Do, Given More Time?

- Student Database
- Order numbers using Student Numbers
- Card-Reader API
- UI
- Safe, reliable, quick delivery mechanism
- Allow ordering from multiple restaurants simultaneously
